

Dec 2020

Newsletter

Dear TILT Teams,

I hope you are all keeping safe and well. Welcome to the third instalment of the TILT festive newsletter! Since recruitment restarted back in August 2020, the recruitment and randomisation rates, especially in the last two months, have been amazing. I would like to thank you all for your terrific, dedicated and hard work on this.

This week Mariah Carey's groundbreaking 'All I Want for Christmas is You' reached number 1 for the first time in 26 years! Given it's a week of milestones, it would only be fitting to showcase your TILT achievements below...

TILT Milestones

1. As of today, (18/12/2020) **1,409** have been recruited and **1,029** have been randomised to the TILT study! We are now only **546** randomisations away from our target of **1,575**!!
2. **Homerton Hospital** randomised their **545th** TILT participant (HOM/0729)!
3. **Chinese University of Hong Kong** randomised their **190th** couple to TILT (UHK/0235)!
4. **St. Barts Hospital** randomised their **110th** participant to TILT (SBH/0184)!
5. **Princess Anne Hospital** randomised their **75th** TILT couple (PAH/0117)!
6. **Derriford Hospital** randomised their **45th** participant (DER/0065)!

* **Recruitment Extension:** Our funder recently accepted our request for an extension!! This means that you will be able to recruit and randomise participants to TILT until the end of October 2021.

* **Eliciting Congenital anomalies:** The EUROCAT list has recently been circulated, please do get in touch if there are any queries on this. Please ensure all congenital anomalies (major and minor) are reported.

* **Co-investigators Group (CIG) Meeting:** We are pleased to announce that we will be hosting another TILT Co-investigators Group Meeting on Monday 25th January! Please let me know if you would be interested in presenting at the meeting (topics can either be TILT related or non-TILT related).

* **Christmas closure:** The central team will be away from 19th December to 4th January, so please send any SAEs to: barc@qmul.ac.uk

* **1000 Randomisations:** Chinese University of Hong Kong recently received their prize for randomising the 1000th TILT participant!!

STUDY UPDATES

Sadly we will be saying goodbye to Sara Chamberlain, who provided unbelievable support for the study recruitment at both Homerton and St. Barts Hospital. Sara, thank you so much for all your efforts on the TILT study. We wish you every success in your new role and for the future!

Thank you for all your amazing work on the **TILT study**, especially during these unprecedented times!

We really appreciate it. From all of us here at **TILT HQ**, we hope you have a Merry Christmas and a Happy New Year!!

James Heighway, TILT Trial Coordinator
